Company Factory

Company Profile

Aidacom Group was established in 2002. We not only provide ESD On-stop Solutions service with own factory support of manufacturing ESD Mat, ESD Garment, ESD Bags, ESD Gloves and so on, but also provide Cleanroom Turnkey Project service from design&construction to cleanroom maintenance from Class 10 to Class 300K. We are the leading professional provider for combining cleanroom requirement and ESD Solutions.

We keep upgrading and would like to join hands with you with more scientific design, more strict management, better quality and more perfect after-sales service to create a better future!
